-EXPERIENCE-

♦ **University of Cincinnati**-----

Cincinnati, OH.

08/2021-Present

Teaching Assistant

Responsible for teaching the Design Visualization course for undergraduates. I introduced perspective principles sketch types to my students and helped them develop solid sketching skills during this course.

Teaching Assistant

The job related to assignment grading and assistant teaching for the Welcome to Design class. I worked with the professor and systematically introduced design history, design classification, design method, and design research to students.

♦ **Crown Equipment Corporation, Suzhou Development Center**----

Suzhou, China

05/2021-07/2021

Industrial Design Intern

Crown Equipment Corporation is a global manufacturer of material handling equipment, lift trucks, and technology. I served as an industrial design intern in the Suzhou development center and helped to test the latest prototype and negotiate with local suppliers.

♦ **Drowm education**-----

Remote

06/2018-11/2018

Blog Contributor

Collecting design projects, writing design blog, and spreading advanced design knowledge for Drowm's WeChat public account.

♦ **The Feast ID Studio**-----

Wuhan, China

05/2017-06/2019

Team Lead of Grade 2016.

A Studio focus on industrial design and design innovation. I am a member of this studio and served as a team organization and management manager. More information about the studio: <https://www.behance.net/FeastIDStudio>
